

California Regional Water Quality Control Board
San Francisco Bay Region
1515 Clay Street, Suite 1400, Oakland, CA 94612
(510) 622-2300

**NOTICE OF APPLICATION AND PUBLIC HEARING
FOR
DISCHARGE PERMIT**

**North San Mateo County Sanitation District (City of Daly City)
153 Lake Merced Blvd., Daly City, CA 94015**

The above discharger has filed an application for reissuance of a permit under the National Pollutant Discharge Elimination System. The San Francisco Bay Regional Water Quality Control Board's (Regional Water Board's) staff has prepared a tentative permit for this discharger, containing limitations and provisions, in accordance with the Federal Clean Water Act and the California Porter-Cologne Water Quality Control Act.

The discharger owns and operates a sanitary sewage treatment plant and the sewage collection system serving the City of Daly City, portions of San Mateo County, the Town of Colma, San Francisco County Jail, and the Westborough Water District within the City of South San Francisco. The treatment system provides secondary treatment of domestic wastewater from the service area. A portion of the effluent receives tertiary treatment for water reclamation projects on a seasonal basis. Treated wastewater is discharged through a force main located on Ocean Beach in San Francisco. Final discharge is through a submerged diffuser 2,500 feet from the shoreline and terminating at a depth of approximately 32 feet.

The Regional Water Board intends to consider adopting the tentative permit during a meeting to commence at the time and location as follows:

Time and Date:	9:00 a.m., October 11, 2006
Location:	Auditorium, Elihu Harris State Building 1515 Clay Street, Oakland, California

Persons wishing to file written comments on or objections to the tentative permit or other aspects of this matter must do so no later than 5:00 p.m. on Monday, September 18, so that such comments may be considered. No written comments will be accepted or responded to in writing after that date. Interested persons are invited to attend and express their views at the public hearing on this matter. The Water Board will hear oral testimony, but will not accept written comments after the deadline noted above.

Pursuant to section 2050(c) of Title 23 of the California Code of Regulations, any party that challenges the Water Board's action on this matter through a petition to the State Water Resources Control Board under Water Code section 13320 will be limited to raising only those substantive issues or objections that were raised before the Water Board at the public hearing or in timely submitted written correspondence delivered to the Water Board.

The application, tentative permit, fact sheet, comments received and related documents may be inspected and copied at the Regional Water Board office. The tentative permit and fact sheet are also available at www.waterboards.ca.gov/sanfranciscobay. A response to comments will be posted on that website one week prior to the hearing. Contact John H. Madigan at (510) 622-2405, or by e-mail at jmadigan@waterboards.ca.gov, if you have any questions on this matter.

DATED

Lila Tang, NPDES Division Chief
